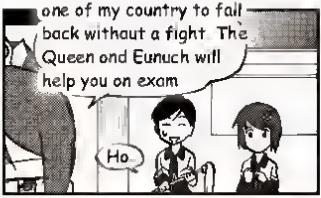
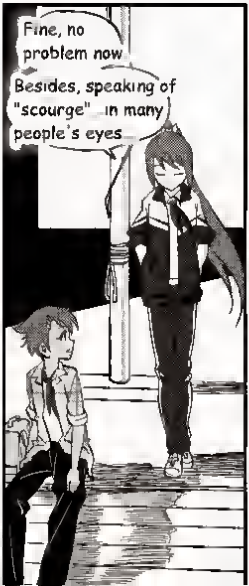
Thot's whot you saud obout yourself when leaving the classroom.

No matter whot hoppened to you in the past, Zhen requires you to serve our country once you're here.
.....
You want to evode fighting by colling yourself o scourge? What a lame excuse
Eh...?

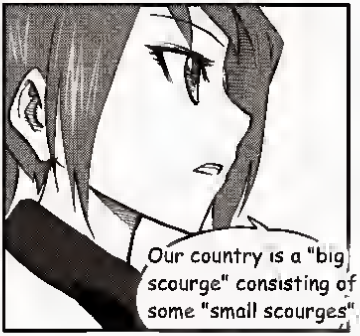


Zhen doesn't allow anyone of my country to fall back without a fight. The Queen and Eunuch will help you on exam
Ho

I shouldn't get mad at you... sorry
Please let me give you some special training next!



Fine, no problem now
Besides, speaking of "scourge" in many people's eyes



Our country is a "big scourge" consisting of some "small scourges"

That's true from a certain perspective

Now...
Do you wont to stay in Zhen's "country of scourges"? Wild lad
Humph
Prepare to have your position usurped after the exam. Also
I'm not a wild lad
